

*Undergarments are the most intimate clothing for everyone. They help to keep the body hygienic and protect our important body part from bacteria.*

# K-i-Brief

FOR COMFORT AND HEALTH

## 3 Elements :

- ✓ Negative Ion
- ✓ Far Infrared Ray
- ✓ Anti-germs Fibres

### K-i-Brief for Men

**K-i-Brief is enhanced with 3 special elements to promote comfort and general health for everyone.**

#### Negative ions

The raw material powders of negative ions are made from a natural mineral, known as Electrical Vapour Stone. Magnetic wave effect is created by using high technology biochemistry power of energy porcelain powders. Negative ions help to kill and prevent bacteria growth, harmonizes the central nervous system, improve blood circulation and assist to promote better health. These energy powders form a magnetic field within the abdomen area. When energy is absorbed by the human body, the cells become active and the friction between the nervous systems increases the metabolism of the body.

#### Far infrared Ray

Far infrared rays are part of the sunlight with wave lengths of 6-14 microns. It is beneficial for the formation and growth of all living things. Therefore these rays are called "Biogenetic Rays". When there is input of heat, far infrared rays are released. The benefits of the rays include improving the lymphatic & blood circulation and metabolism of the body, providing comfort and relief to the waist area, preventing rashes and getting rid of odour.

#### Anti-Germ Fibre

Anti-germ fibres are made from elastic substances with high technology of biochemistry. It is a very durable, hygienic and comfortable material. Anti-germs fibres help to prevent bacteria growth. Its high elasticity provides the best comfort and anti-roll up function. It helps to prevent harmful bacteria and get rid of odour and unpleasant smell.

#### Cleaning Instructions :

- |  |                                       |
|--|---------------------------------------|
|  | 1. Rinse in warm water 40°C and below |
|  | 2. Do not bleach                      |
|  | 3. Do not dry clean                   |
|  | 4. Twist gently                       |
|  | 5. Do not iron                        |
