HERBAL SUPPLEMENTS

K-Ayurveda is a health system for healthy body. Rather than treating symptoms, it helps to benefit our general health, working holistically for our general well being. K-Ayurveda uses the elements, seasons, planets and bodily types to discover the areas of potential weaknesses; it operates on the assumption of the five elements - earth, air, fire, water and ether.

K-Ayurveda is the creation of Ayurvedic herbal supplements by first understanding the nature of a given condition, within a culture and scientifically balancing the herbal composition based on the proven principles of Ayurveda. K-Ayurveda puts nature's healing powers to work for you. These are preventive, nutritive and work safely. K-Ayurveda Ayurvedic products are today accepted worldwide complimentary therapies for our general well being.
