

CenzymePlus

BOTANICAL BEVERAGE MIX OF ORANGE WITH APRICOT

Maintain your **HEALTH NATURALLY** from the inside out

Have you ever wonder why your health does not improve even though you consume a lot of nutritious foods? Or why would you easily feel tired all the time? The root of these problems might be caused by the lack of enzymes in your body. In **K-LINK**, we advocate the maintaining of healthy living through the sufficient intake of enzymes in our diet from health beverages.

K-Cenzyme Plus is a highly alkaline health beverage which is rich in enzyme that is produced from natural fruits and vegetables essence through an advanced fermentation technology. It is highly effective in body detoxification and enhancing the absorption of nutrients in our body. Produced from 72 types of fruits and vegetables essence, the benefits of **K-Cenzyme Plus** are to:

- **Cleanse the digestive system**
- **Help remove body waste**
- **Facilitate body metabolism**
- **Improve nutrients absorption**

K-Cenzyme Plus

72 Types Of Fruits And Vegetables Essence

What Is Enzyme?

Enzyme is an active substance produced by a living organism. It is used in our body to accelerate or catalyze vital biochemical reactions such as digestion, nutrients absorption, breathing, fighting free radicals, energy production and many more. Hence, enzyme is very important to the optimum functioning of our body.

This is especially true for nutrients absorption as the key for a healthy body does not depend on the amount of nutritious foods we consume, but on how well our body absorbs all those nutrients. This is where the power of enzyme comes in. One of the enzyme functions is to breakdown the nutrients into smaller molecules, which will then be transferred to where it is needed to be absorbed by the body. In this case, **K-Cenzyme Plus** works really well in maintaining our intestinal and overall health.

Health Supplement Without Side Effects:

- NO artificial additives
- NO western medicine or senna (a type of laxative)
- Rich in active ingredients
- Sourced naturally

Serving Suggestion:

One sachet each time, mix with 300-400ml cold or warm water and serve immediately. Take one sachet per day before breakfast for best results.

Precaution:

People with sensitive stomach are recommended to take one sachet every 3-5 days. Excessive use can cause laxative effect.
